Skill Name	Definition
Active Hang	Hanging from both hands on a bar or rope, keeping the body straight and the shoulder blades engaged.
Catchers ½ Turn/ Baby Star	Beginner level drop on tissu. A ¾ Rotation from catchers to a knee lock or back balance position.
Chin Up	Have the hands facing forwards on the bar and pull the body up so the chin clears the height of the bar.
Footlock	Basic lock on tissu.
Hiplock	Intermediate lock on tissu.
Leg Lifts	Lifting the feet up to the hands while hanging and keeping the legs straight on the way up and down.
Pull Over	kicking the legs over the top of the bar to lift the body up and over so you can balance on the hips on the bar.
Russian Climb	Also known as basic climb or tradition climb.
Skin the Cat	A shoulder exercise that starts in a pike under the bar and move the hips through the arms.
Straddle Inversion	Going upside down with your hands together and your legs in straddle.
Slow Cartwheel	An intermediate tissu rotation. Also known as Roll-down, Helicopter, Snowflake, Continuous Cartwheel.
Tick Tock	A lock created on tissu from catchers, pre-cursor for cartwheel drops.
Tuck-snaps/ V- snaps	Lying on the back on the ground and lifting up onto the tailbone in a tuck or a straight leg pike. Aiming to get the legs as close to the torso as possible.
