

## CIRCUS BIRTHDAY PARTIES @ NICA

Thank you for your enquiry about circus birthday parties at NICA.

We are able to run parties for children from age 5 years upwards giving them the opportunity to experience all the fun of the circus in our custom built circus training centre in Prahran.

Parties are available all year round on Saturdays starting at either 11am or 1.30pm, as well as Monday to Friday during the school holidays.

The total duration of the party is 2 hrs including the party time.

Here's how the party will run-

Warm up games followed by 3 circus activities (1.5 hours for groups from 8-40)

30 min party at the end of the workshop

Guests depart and parents tidy/ pack away the party

You can clean up yourself or we can do it all for you (additional charge of \$88).

We will provide you with a party space that will be set up with trestle tables and chairs. You can bring your own decorations, tablecloths, party food and drinks which can be set up while the circus activities are running.

Choose 3 fun activities from the list below:

- juggling
- hula hoops
- tightwire
- static trapeze
- trampoline
- acrobalance (partner balancing/human pyramids)
- tumbling/acrobatics

If you're after a face painter, balloon bender, a roving performer to mingle with guests or a feature act to create the 'wow' factor at your event, CircaNICA has an extraordinarily diverse pool of professional contemporary circus artists to bring your event to life. Let us know if you're interested and we'll have our agent contact you.

If you would like to make a booking please contact us at [shortcourses@nica.com.au](mailto:shortcourses@nica.com.au) or call on 9214 6585 and we will send you through the booking confirmation, a circus themed invitation and methods of payment. Please provide the following details:

- Your preferred date and time (11am or 1.30pm)
- Your child's name and age
- Number of guests expected
- Three circus activities from the list above (this can be decided later if you like)

Thanks again for your enquiry. Feel free to contact us if you would like any further information.
